Profile

I am a dedicated Bachelor of Computer Application student currently pursuing my degree from Lingaya's University, focusing on web development and project management. I have experience in creating various web applications, including a, Industrial Website (Krishna Panel Builder), Recipe sharing website (Taste-Tales) and Contact Management System. My skills in HTML, CSS, JavaScript, MongoDB, python and SQL along with strong decision-making and creative thinking abilities drive my passion for technology and innovation.

Career Objective

"Looking for a dynamic and growth-oriented organization where I can apply my skills to drive innovation, improve processes, and contribute to the company's success.
